PROFESSIONAL SUMMARY

Recent Information Technology graduate with hands-on experience across web development, AI-powered platforms, and data analysis. Skilled in building end-to-end technical solutions — from requirements gathering and UI design to database implementation and predictive modeling. Adaptable and eager to contribute across software development, data, or product-focused roles.

EXPERIENCE

Web Developer Intern — Innovation Lab

Summer 2025

- Developed Arabic user interfaces and interactive forms using HTML, CSS, and Laravel.
- Gathered system requirements through stakeholder meetings and cross-team collaboration.
- Led and coordinated frontend tasks within the project team.

PROJECTS

- **Muqaddim:** an AI-powered platform that helps beginner entrepreneurs generate feasibility studies, financial analyses, and investor pitch decks.
- **Hotel Booking Cancellation Prediction:** built a predictive model to estimate the probability of hotel booking cancellations using data analysis techniques.
- **Shifa System Analysis:** analyzed and evaluated the “Shifa” system for King Abdulaziz University Hospital to identify system requirements and workflow processes.
- **Shifa Database Design:** designed and implemented the database system for King Abdulaziz University Hospital’s “Shifa” platform.
- **Maidanak App UI/UX:** designed 14+ user interface screens for the “Maidanak” application using Figma, focusing on usability and user experience principles.
- **Employee Guideline Display System:** developed under the supervision of Jeddah Municipality.
- **12-Hour Digital Clock:** built using Multisim simulation software and tested its logical circuit functionality.

EDUCATION

Bachelor's Degree in Information Technology

2026

King Abdulaziz University — GPA: 4.90 / 5

CERTIFICATIONS

- CCNA: Switching, Routing, and Wireless Essentials — Cisco Networking Academy, King Abdulaziz University (May 2026)

TECHNICAL SKILLS

- **Data & Analytics:** Python, SQL, Power BI
- **Programming & Networking:** Java, Cisco Packet Tracer, GitHub
- **Design:** Figma, UI/UX Design, Canva, HTML/CSS
- **Productivity:** Microsoft Office

SOFT SKILLS

Leadership, Communication, Problem Solving, Teamwork, Time Management

LANGUAGES

Arabic: Native | English: Intermediate
